Professional Summary

Full Stack Developer with 6+ years of experience building performant, scalable, and responsive web applications using Vue 3, React, Node.js, Express, and MongoDB. Adept at delivering production-ready PWAs, reusable component libraries, and high-traffic SaaS and eCommerce solutions. Proficient in modern frontend architecture (Composition API, Vuex, Nuxt, Redux) and backend service design. Strong focus on code quality, maintainability, and team collaboration.

Technical Skills

- **Languages:** HTML, CSS, JavaScript, TypeScript, Google Apps Script
- **Frontend Frameworks:** Vue 3, Vue.js, Nuxt.js, React, Next.js, Remix
- **State Management:** Vuex, Pinia, Redux, Redux-Saga, Thunk
- **Backend & API:** Node.js, Express.js, REST APIs, MongoDB, Mongoose, JWT Auth
- **UI Libraries:** Chakra UI, Tailwind CSS, Bootstrap, Material-UI, Ant Design
- **Tools & DevOps:** GitHub, Heroku, Vercel, Netlify, ESLint, Babel, Axios
- **Others:** Shopify Frontend Customization, API Integration, PWA, Hooks

Experience

Agusta Software Pvt. Ltd

Feb 2023 – Present

Full Stack Developer

Pune, India

- As a full stack Developer, I specialised in developing and deploying dynamic web applications using vue3. Built reusable Node.js services for backend logic and data processing. I also did the PWA app in loan application.

Spark Eighteen Lifestyle Pvt. Ltd.

Dec 2021 – Aug 2022

Full Stack Developer

Delhi, India

- Worked on a cloud-based project management platform for a service-based company, enabling efficient task allocation, team collaboration, and project monitoring. Integrated Express-based APIs with frontend vue and react apps

LoudCloud Systems Private Limited

Dec 2020 – Oct 2021

React & Vue Frontend Engineer

Mumbai, India

- Contributed to the development of a service-based e-commerce platform for a fashion and lifestyle brand, focusing on personalized recommendations and seamless shopping experiences.

Les Transformations Learning Pvt. Ltd.

Sep 2020 – Nov 2020

React & Vue Frontend Engineer

Gurgaon, India

- Developed an online learning management system (LMS) for a leading EdTech company to provide interactive and engaging educational experiences. PWA version of LMS features.

Freelancing, Internship, Attainu

Dec 2018 – Aug 2020

Full Stack Engineer

Gurgaon, India

- During my freelancing and internship experiences, I have worked on various projects for clients from China and the USA through LinkedIn. Additionally, I served as a mentor for web development in Attainu
